**LIGHTING CAMERAMAN – CAMERA SUPERVISOR - STEADICAM – PSC – MULTICAMERA**

I am a versatile and experienced lighting cameraman/camera supervisor who has an excellent reputation within the broadcast industry, with 10 years experience. My key strengths are attention to detail and a friendly attitude which has led me to work on a variety of programmes and formats.

Experienced in lighting or operating for PSC, ENG, DRAMA, LIVE and STUDIO work and operating a wide array of specialist equipment including STEADICAM, JIB ARMS, PEDS, and MINICAMS to name a few. I am well qualified at location shooting, with much of my work having taken me overseas for many weeks at a time. I enjoy and have lots of experience in heading up multicamera studio and psc shoots as camera supervisor.

I have spent years building a bespoke kit arsenal, I personally have a full Sony HDCam 750, Sony XDCAM 800, DigiBeta 790, DSR 450 kit, Canon 5d Mk ii lenses, Steadicam, mini jib, full lighting and crew van, my kit list can be seen below. In 2010 I was asked to become a member of the Sony ICE team (Independent Certified Expert).
